HELPING NEIGHBORS IN NEED

YOUR SUPPORT FUELS KIDS ALL SUMMER!

The summer months can be some of the hardest for families struggling to get by. Kids who depend on free and reduced lunch during the school year are left without access to healthy and nutritious food during the summer. With your support, EFAA's food pantry helps fill the gaps to keep summer fun for the entire family.

Did you know?

One in Five children in Boulder Valley School District depend on free and reduced lunch to keep kids full and focused at school.

That's **2,500** meals a day that are provided to low-income children in our community during the school year that have to be found elsewhere during the summer.

Last year, EFAA served **more than 750,000** meals worth over **\$1 Million** to feed our neighbors in need.

EFAA has been very beneficial to me. My kids are fed and that means more to me than I can express. EFAA relieves my fear of my kids going hungry. **Thank you.**

Summer should be a time for sleeping in late, playing outside, and just being a kid — not worrying about where your next meal will come from.

Thank you for filling hungry bellies over the summer months.

Summer Camp Extravaganza!

In addition to missing meals, during the summer months families are left scrambling to find affordable childcare options so parents can continue to work. That's why EFAA is increasing its investment in its Summer Camp Scholarship Program!

This year, EFAA is providing up to

125

kids with summer camp scholarships

That's as much as

200

weeks of camp

Worth more than

\$85,000

Thank you

to our summer camp partners!

Camp was a great experience for my kids. It was during a time that our family was facing many challenges and it was stressful at home. They got to get away and just be kids and have fun. I am so grateful that EFAA gave my children the opportunity to go to camp. It made a difference in their lives and they have beautiful memories from the experience and their time at EFAA. **Thank you.**
