HELPING NEIGHBORS IN NEED

YOUR DONATION MAKES AN IMPACT

By supporting EFAA's COVID-19 response efforts, you provided critical support to our neighbors in their most urgent time of need. Before the pandemic, one in nine people living in Boulder County were experiencing poverty. These families and individuals, and the thousands more who were living paycheck-to-paycheck, were at high-risk of experiencing hunger and homelessness from job loss, sickness, and other impacts of the virus. Because of you, we were able to prevent extreme hardship for our most impacted community members. Thank you for making a difference.

"I'm just beyond grateful for EFAA and the help they provide to my community. EFAA gives hope and serious help. I could never express how grateful I am for the staff and EFAA as a place to find many resources to help in serious times of need." - *EFAA Participant*
